

We are going to develop our provision around the teaching of oracy, so all learners use a range of vocabulary and speaking and listening skills.

We will continue to develop our inclusive practice through our Team Around the Child approach to support all children, especially those with more complex needs, through a range of interventions.

We are going to develop our Ordinarily Available Provision to support all learners to make good or better progress.

We want to continue to make sure our teaching and learning is even better by ensuring there are opportunities for retrieval and overlearning, as well as, challenge in your provision when you are learning independently.

Our school improvement plan 2025-2026

How we are making Petersgate Infant School even better...

We are going to further our understanding of inclusion and diversity by ensuring it is the golden thread across the curriculum so children feel represented and have a sense of belonging.

We are going to continue to develop how the learning is adapted and scaffolded to support learners at all levels.

We will continue to refine and develop links across the curriculum to learning about sustainability and how learning about the natural world can impact positively on our mental health and well-being.

We need to ensure we are in school every day. We will be focusing on ensuring all children are supported to be in school on time every day, so they are in school ready to learn.
